01.08.22.

All the Criterion Incharges and members attended the meeting convened by the IQAC coordinator at 12.30 pm and discussed the following:

Agenda:

- 1) AQAR 2021-22 status - problems faced.
- 2) Tentative date for submission.

- Discussed on Criterion-wise work done status and all the criterion incharges, ^{unanimously} raised the following issues for delay in collecting and uploading AQAR related data.

a) Online admissions are under process and some of the Criterion incharges & members are in the admissions committee.

b) Internship enrollment is also going hand in hand and staff are making their efforts in this direction.

c) Semester-end examinations are scheduled from August last week and staff members are very busy in completion of their syllabus within the stipulated time. Practical examinations may commence from 3rd week of August.

d) Change of SDCE is also another point due to which staff are taking extra classes to complete the syllabus of newly allocated courses.

e) Staff are also involved in other duties such as Observer duty, invigilation duty, Examination - related work etc and even the CCE is conducting training programme for staff dealing different SDCs. NSS Team is busy with Agadi ka Amrit Mahotsav activities. With this extra burden AQAR work is being delayed and Criterion Incharges are unable to get along with the given timeline.

4) Lack of amenities such as ^{additional} computer, printer, scanner is also one of the ^{system} factors leading to work delay. As all the seven criterion teams need to submit the data in a short span of time.

- Keeping in view all the above said points it has been unanimously resolved to complete the AQAR 2021-22 work by 16th August (tentatively).
