

STUDENT SATISFACTORY SURVEY REPORT 2022-23

Student Satisfactory Survey (SSS) was conducted among the students. The questionnaire was framed following the guidelines of the NAAC. The students have valued the questions on a scale of 1 to 4. The outcome of this survey is based on the response of the students. The summary is placed on the college website.

The observations/ outcome of SSS are as follows:

1. Students appreciated teaching and implementation of learning outcome based curriculum which includes continuous evaluation and assessment of students throughout the semester.
2. They have also acknowledged various programs implemented. This has helped students in learning other issues which were beyond their prescribed curriculum.
3. Students have expressed satisfaction over the quantum of syllabus covered in their classes and laboratories
4. Teacher's preparation, communication, use of appropriate teaching pedagogy and use of ICT has been rated good in the survey.
5. There is adequate encouragement to the students for extracurricular activities.
6. Teachers are able to identify weaknesses and help students to overcome them. Remedial classes are held for weak students.

7. Most of the students were of the opinion that the assignments have been regularly discussed with them and were upto their satisfaction.

8. The students found the communication skills of the teachers effective .

9. .Students agree that College makes substantial efforts to inculcate soft skills, life skills and employability skills.

10. Interactions between teachers/mentors and students were at desired levels where the mentors contributed in identifying competencies of the students to follow up their progress on assigned tasks.

The SSS has also pointed out few grey areas where the college/ teachers/ departments do have scope for enhancement in quality of education.

They are as follows:

Institute needs to promote student exchange and field visit opportunities.

To provide more opportunities to improve their communication and Arrange Spoken English Classes

Equip laboratories with advanced research instruments.

Teachers should involve students in more projects, and research.

Requirment of more ICT Classrooms .

More interaction with the students.
