OPEN DAY REPORT

In order to attract or motivate the students to join government degree colleges the GDCs shall conduct orientation programmes to the passing out students of junior colleges and organize an OPEN DAY on Feb 3rd 2025.

As part of our efforts to facilitate a smooth transition for intermediate passing out students and to showcase our institution's academic programs and facilities.

Objectives

Provide information: Open days offer prospective students, parents, and other interested individuals a chance to learn about the institution, its facilities, programs, and opportunities.

Showcase the environment: Visitors can tour the campus, see the facilities, and get a feel for the atmosphere.

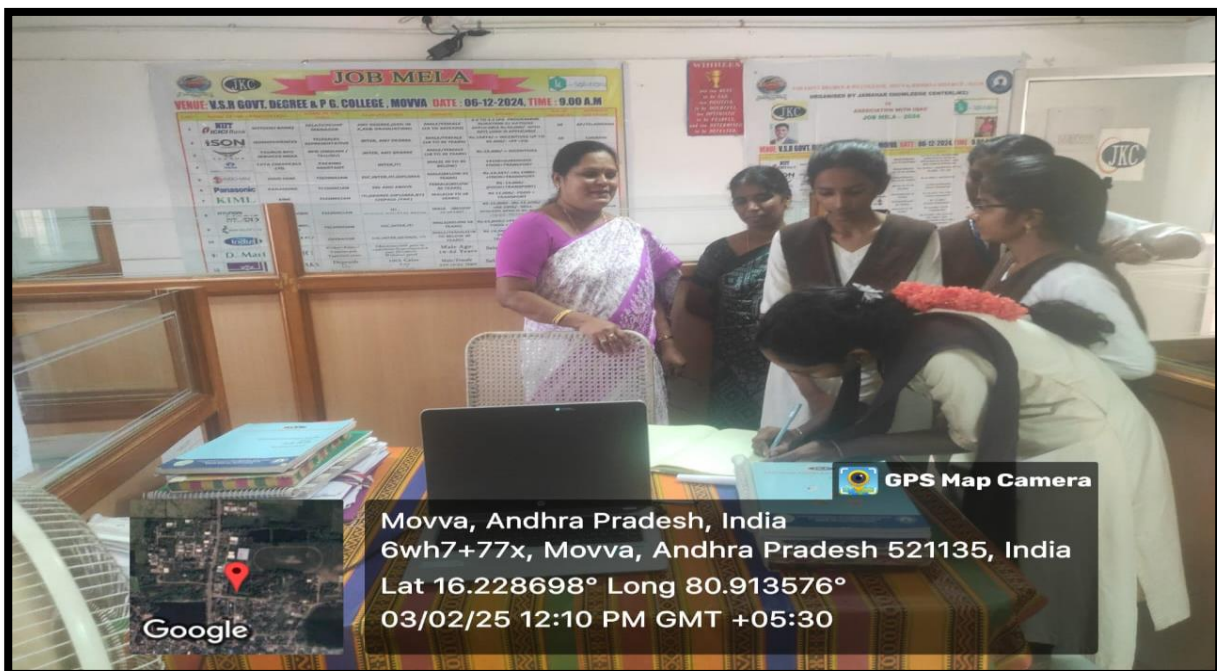

Meet staff and students: Open days provide opportunities to interact with lecturers, current students, and other staff members. This allows visitors to ask questions and get firsthand insights.

Assist in decision-making: The goal is to help prospective students and others make informed decisions about their future education or involvement with the organization.

Build relationships: Open days help organizations connect with the public, build relationships, and share their vision and mission.

Outcomes:

1. Prospective students and parents will have a clear understanding of the college's academic programs and facilities.
2. The college's extracurricular activities and achievements will be showcased.
3. The college will be promoted as a premier institution of higher learning.

Conclusion:

The Orientation Program and Open Day Program will provide an excellent opportunity for intermediate passing out students to transition smoothly to the college and for prospective students and parents to know more about the college's academic programs and facilities. We believe that these programs will be highly successful and will help to promote the college as a premier institution of higher learning.
