Python Programming Workshop on 15/11/2021.

Python Programming Workshop on 15/11/2021.

Introduction

As a part of MOU with Vijaya Institute of Technology (VIT) Women, Vijayawada on November 15, 2021, the Department of Computer Science at VSR GDC, Movva conducted a workshop titled "Workshop on Python Programming." The objective of this workshop was to equip students with essential skills in Python programming, a versatile and widely used language in the field of computer science.

Activity Details

- Nature of the Activity: Workshop

- Title of the Activity: Workshop on Python Programming

- Conducted Through: Department of Computer Science

- Lecturer: Department of Computer Science Faculty

- Resource Person: A. C. Priya Ranjani, VIT Women, Vijayawada

- Number of Students Participated: 100

Workshop Highlights

The workshop on Python Programming covered a comprehensive range of topics, including:

1. Introduction to Python: An overview of Python programming language, its history, and its relevance in various applications.

2. Basic Syntax and Data Types: Understanding Python's syntax rules, data types, variables, and operators.

3. Control Structures: Learning about conditional statements, loops, and decision-making in Python.

4. Functions and Modules: Exploring the creation and usage of functions and modules in Python.

5. File Handling: Techniques for reading and writing files using Python.

6. Error Handling: Strategies for handling exceptions and errors in Python programs.

7. Practical Exercises: Hands-on coding exercises and projects to apply the concepts learned during the workshop.

Signature of the students who attended the workshop on python program on 15/11/2021

Participants' Feedback

The workshop received positive feedback from the 100 students who participated. They found the sessions highly informative and engaging, and they appreciated the practical exercises that allowed them to apply their newly acquired Python programming skills.

Conclusion

The Department of Computer Science successfully organized a Workshop on Python Programming, benefiting 100 students. Python is a versatile language widely used in various industries and this workshop played a significant role in enhancing the coding skills of our students.

We extend our appreciation to the faculty members of the Department of Computer Science for their coordination and A. C. Priya Ranjani from VIT Women, Vijayawada, for her expertise and contribution to the workshop.
