BREAST CANCER AWARENESS CAMPAIGN

Organized by

DEPARTMENT OF ENGLISH

FROM 02-07-2022 TO TILL DATE

REPORT ON BREAST CANCER AWARENESS PROGRAMME

Slogan of the year 2022-23

Breast cancer awareness month is a global healthcare event for the awareness of breast cancer, which is reminisced for the entire month of October every year for the past 37 years. Following this health concern occasion, the department of English has decided to adopt the best practice of Breast Cancer Awareness Programme to promote the awareness of health & hygiene among the people in and around Movva Village. With the advice of the Principal and senior women faculty, the members of the department have embarked on this goal to raise awareness about breast cancer, its detection, its treatment, and the need for a reliable, permanent cure. To achieve this end we have got printed a pamphlet in Telugu to reach the common women folk whose mother tongue is Telugu. It contains the pictures of undergoing self check of the breast to identify the symptoms like lumps in the breast. If identified those women are advised to undergo medical checkup for the follow up treatment. The initiation of the aimed programme was begun in the month of 30- -06-2022 in the village Kondavaram near Movva village. On observing the response and request of the women there, we planned this campaign. A good number of our women staff and women students have been campaigning since 04-07-2022 till date with dedication.

Aims:

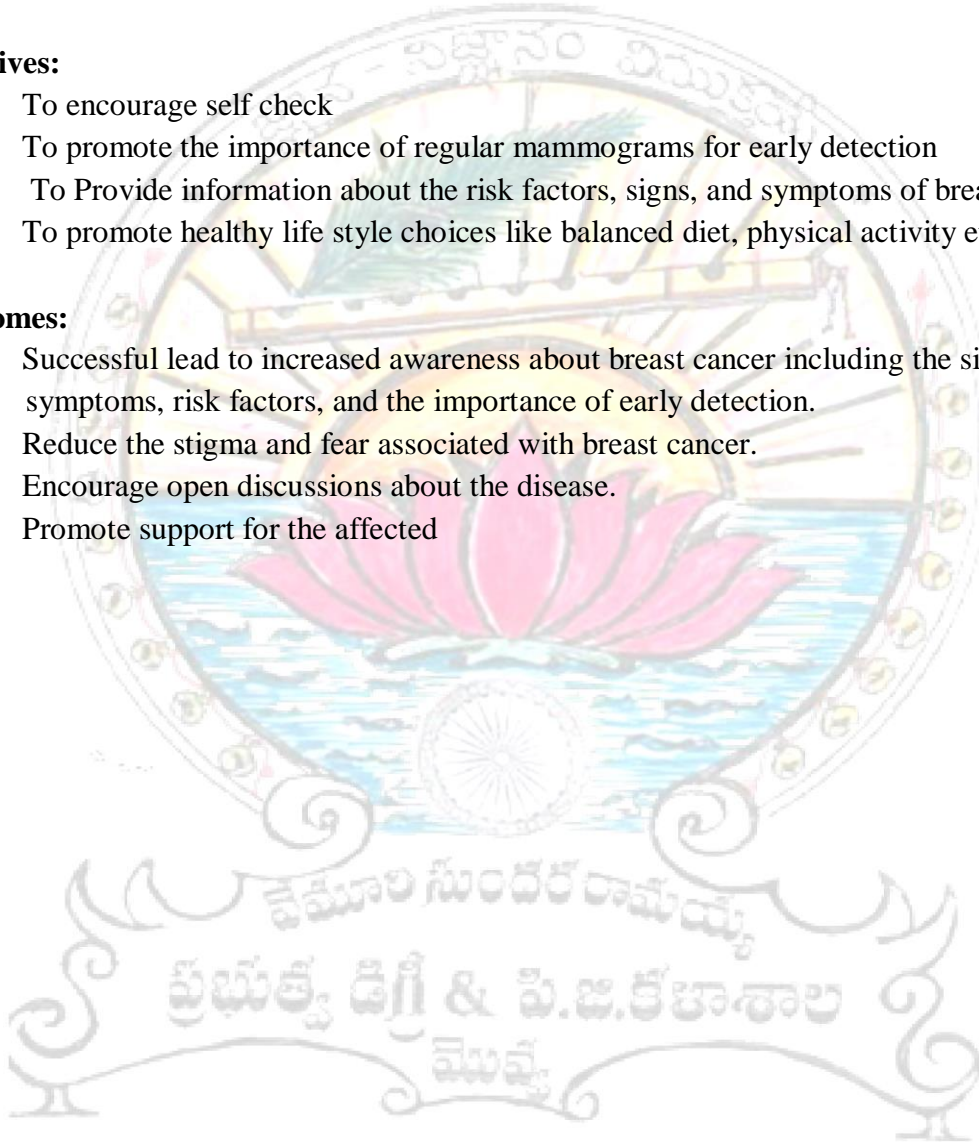

- To Educate women about the importance of diagnosing breast cancer at an early stage
- To give them confidence that at an early stage it is curable.
- To promote awareness as a public health issue
- To strengthen actions towards improving access to quality care.
- To guide affected women for treatment and palliative care.

Objectives:

- To encourage self check
- To promote the importance of regular mammograms for early detection
- To Provide information about the risk factors, signs, and symptoms of breast cancer
- To promote healthy life style choices like balanced diet, physical activity etc.

Outcomes:

- Successful lead to increased awareness about breast cancer including the signs and symptoms, risk factors, and the importance of early detection.
- Reduce the stigma and fear associated with breast cancer.
- Encourage open discussions about the disease.
- Promote support for the affected
