Report

On 16-02-2019, a guest lecture was organized for the All B.Sc. (MECS) students of VSR GDC, Movva. The lecture aimed to provide valuable insights and guidance regarding career prospects and pathways for students pursuing a degree in Electronics.

The guest lecturer for the event was Career Guidance Expert, a renowned industry professional with several years of experience in the field of Electronics. The speaker of the Career guidance currently holds a prominent position in a leading electronics company and has expertise in diverse sectors including research and development, product design, and innovation.

The lecture began with an overview of the electronics industry, its growth, and emerging trends. The speaker highlighted the importance of electronics in various sectors such as telecommunications, healthcare, automotive, aerospace, and consumer electronics. The students gained insights into the vast opportunities available in this industry.

The lecture emphasized the various subdomains within electronics, allowing students to explore niches based on their interests and career aspirations. The lecturer also threw light on the importance of postgraduate studies and research in furthering career prospects in the field of electronics.

The guest lecture provided valuable career guidance and insights to the B.Sc. Electronics students by an industry expert. The session equipped students with a deeper understanding of the electronics industry, the diverse subdomains within it, and the skills required for a successful career. The lecture served as a stepping stone in guiding students towards the right path in their professional journey, preparing them for potential challenges and opportunities.

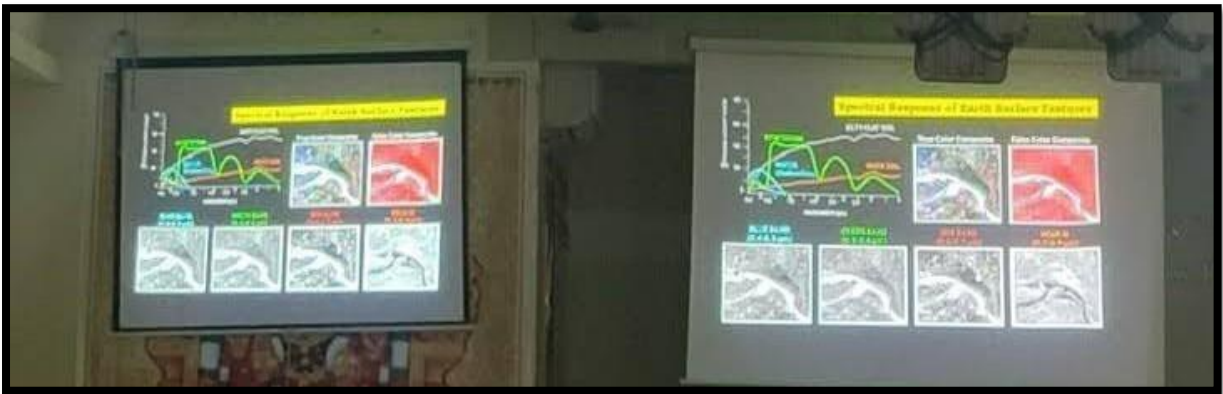

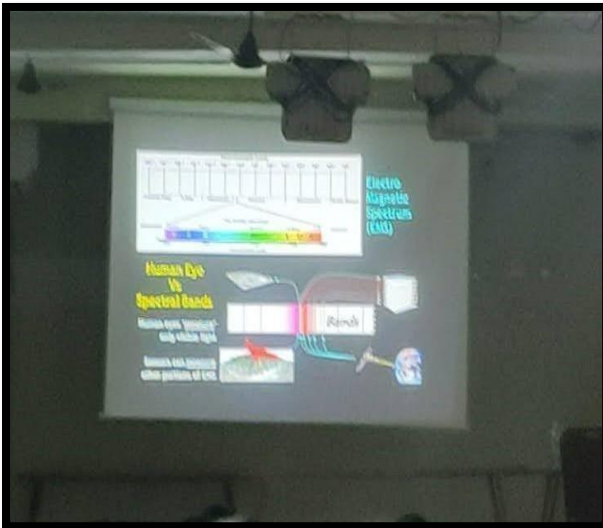

2018-19

Guest Lecture on Space Technology

By

Sri Rama Murthy Garu, Scientist NRSC(ISRO), Hyderabad

On 02-03-2020

Report

On 02-03-2020, a guest lecture on space technology was organized for B.Sc. Electronics students. The lecture aimed to provide the students with insights into the advancements, challenges, and potential opportunities within the field of space technology. The guest speaker **Sri Rama Murthy Garu, Scientist NRSC(ISRO), Hyderabad** was an expert in the field with several years of experience working with renowned space organizations.

The lecture commenced with an introduction to space technology and its significance in various aspects of human life, including communication, navigation, weather forecasting, scientific research, and national security. The speaker emphasized how space technology has become an integral part of the modern technological landscape and its role in shaping the future.

The speaker discussed the History of Space Technology, Satellite Communication, Remote Sensing and Earth Observation, Navigation Systems, Challenges and Future Trends.

Following the lecture, an interactive session was conducted, allowing students to engage with the speaker and seek clarification on specific topics. The Q&A session facilitated stimulating discussions on career opportunities in space technology, potential research areas, and the future of the industry.

Overall, the guest lecture on space technology for B.Sc. Electronics students provided an invaluable opportunity for students to gain insights into the field's diverse applications, technological advancements, and future prospects. The lecture enhanced their understanding of space technology's impact on various sectors and inspired them to consider its potential for further exploration and research in their academic and professional careers.

Report

On 22-12-2019, a guest lecture was organized for the I & II B.Sc. (MECS) students of VSR GDC, Movva. The objective of this lecture was to provide holistic guidance on selecting, pursuing, and excelling in different career paths. The speaker for the session was an experienced professional known for their expertise in career advice across various domains. The lecture commenced with an introduction by the speaker, who emphasized the importance of understanding one's strengths, interests, and goals in order to make informed career choices. The speaker highlighted the significance of self-discovery as the initial step in the career-planning process.

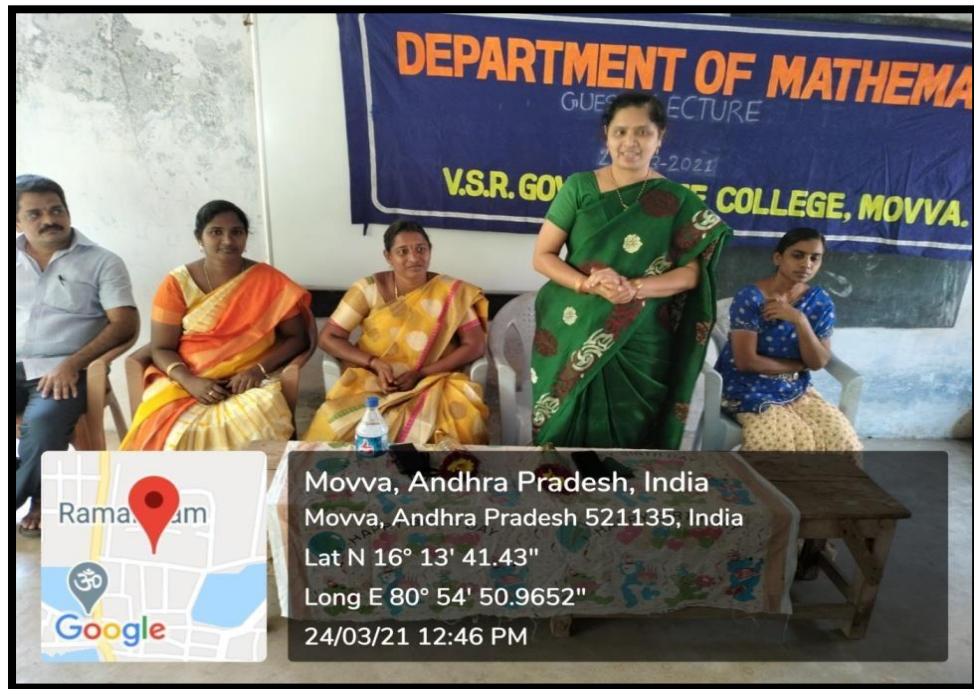

The speaker emphasized the significance of aligning academic choices with future career goals. He discussed the importance of selecting relevant subjects, majors, and educational institutions that provide the necessary knowledge and skills for desired career paths. Additionally, strategies for balancing academic performance, extracurricular activities, and internships were provided.

The speaker explored a wide range of career options available today and the development of employability skills necessary for success in any career. The speaker highlighted the importance of communication, problem-solving, teamwork, adaptability, and leadership skills. Furthermore, he suggested various ways to acquire and enhance these skills, such as participating in relevant workshops, joining clubs, and taking up volunteering opportunities. The speaker discussed the significance of goal-setting, creating long-term career plans, and adapting to changing job markets.

The guest lecture on career guidance provided students with comprehensive insights into all aspects of career planning and progression. The speaker's expertise and interactive approach allowed students to discover their strengths and interests, explore various career options, align academic choices, develop essential skills, and prepare for future endeavours. Overall, the lecture served as an invaluable resource for students seeking guidance and direction for their career paths.

MATHEMATICS

Guest Lecture By Smt. K. Rama Devi, Head, P. G Dept of Mathematics, A.N.R. College, Gudivada Talk on "Real Analysis" dt 24-03-2021

CHEMISTRY

Activity	:	ONLINE GUEST LECTURE
Topic	:	SOLVENT EXTRACTION
Resource person	:	Dr. G. Krishnaveni, Lecturer in Chemistry,

KBN DEGREE COLLEGE VIJAYAWADA

Date of the programme	:	27-04-2023
Venue	:	VSR GDC MOVVA
No. of students Attended	:	28

Objective of the Programme :is to enhance their knowledge and understanding in a specific subject or topic.

It aims to provide them with unique insights, perspectives, practical and relevant information that complements their academic coursework.

critical thinking and analytical skills will be improved.

Encourages students to think beyond textbooks and consider alternative approaches or perspectives.

Stimulating curiosity and intellectual growth by exposing students to diverse topics and disciplines.

ABSTRACT OF THE PROGRAMME: The Resource Person gave an Elaborate explanation on the topic. She started with Introduction ,principle, technique ,factors affecting solvent extraction ,types of extraction, Batch, Continuous, and Counter Current extraction synergism. Applications of solvent extraction was explained in detail with examples. All the students listened to the lecture with great enthusiasm and were satisfied with the explanation given by the Resource Person. They also interacted with her and got their doubts clarified with her.

Conclusion: The objective of a guest lecture is to enrich students' educational experience, Promoting lifelong learning and personal development by exposing students to new ideas, concepts, and challenges. prepare them for a successful and fulfilling career in their chosen field.

27/4/23⁵

ON-LINE GUEST LECTURE.

An on-line Guest Lecture on the Topic Solvent Extraction was organized by the Dept. of Chemistry on 27/4/23. Dr. G. Krishnaveni Lecturer in Chemistry & IAC coordinator of KBN Degree College Vijayawada was the Guest Speaker. All the students enthusiastically listened to the Topic & enjoyed the class.

VIRTUAL GUEST LECTURE

DATE : 24/11/21

TIME : 2 pm to 4 pm

COURSE : III B.Sc

SEMESTER-V PAPER-V

TOPIC : BASIC CONCEPTS OF THERMODYNAMICS

RESOURCE PERSON : Dr. SK.BEEBI, LECTURER IN CHEMISTRY

SRR & CVR GOVERNMENT DEGREE COLLEGE (A)

VIJAYAWADA

The image shows a virtual lecture interface. The main content is a slide titled "OPEN, CLOSED, ISOLATED SYSTEM" with the following definitions:

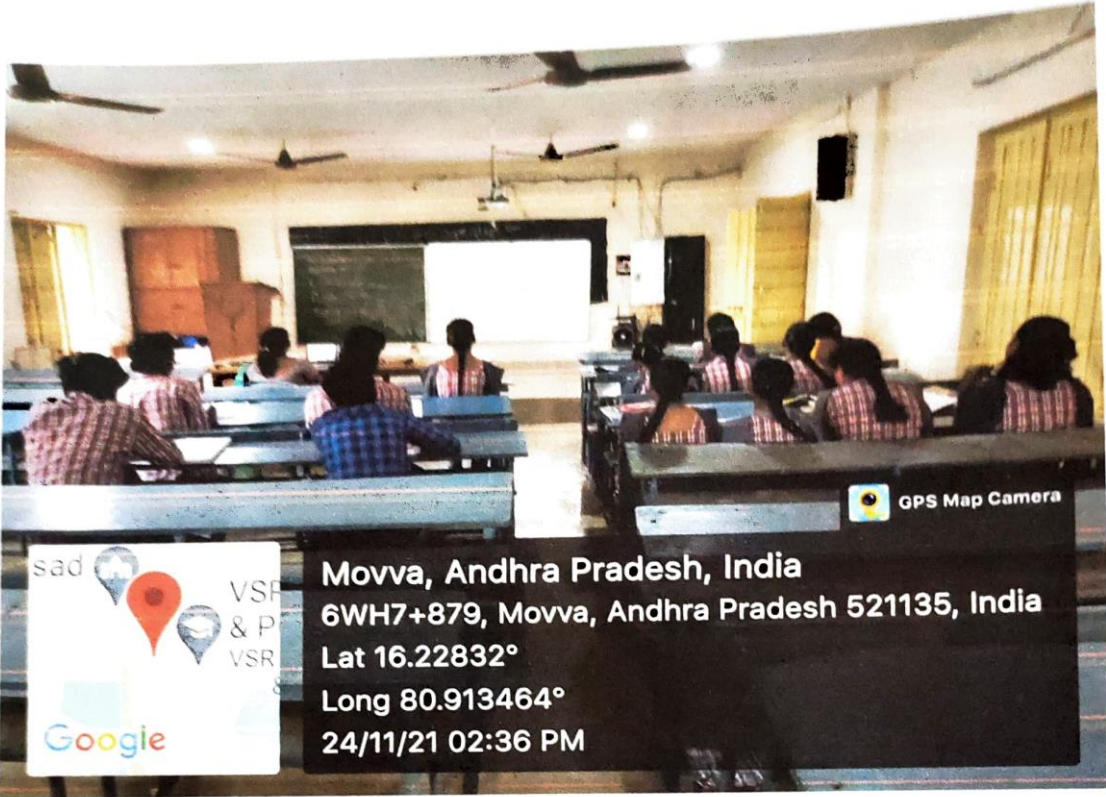

- Open System:** System which exchanges heat energy and matter with surroundings.
- Closed System:** Exchanges only heat energy not matter.
- Isolated System:** Neither exchanges heat energy nor matter.
- Human body is Open System.**

To the right of the text is a diagram titled "THERMODYNAMIC SYSTEM" showing three types of systems: an open system (a bottle with a key), a closed system (a flask with blue liquid), and an isolated system (a thermos with orange liquid). The diagram labels are "OPEN SYSTEM", "CLOSED SYSTEM", and "ISOLATED SYSTEM".

Below the slide is a video conference interface with three participant windows. At the bottom, there is a Windows taskbar showing the time as 2:35 PM on 20-11-2020. In the bottom right corner, there is a "GPS Map Camera" icon.

At the bottom of the image, there is a Google Maps location card for Movva, Andhra Pradesh, India, with the following details:

- Address: 6WH7+879, Movva, Andhra Pradesh 521135, India
- Latitude: Lat 16.228327°
- Longitude: Long 80.913464°
- Timestamp: 24/11/21 02:35 PM

A REPORT ON THE Activity

Activity	:Guest Lecture
Topic	: Motivation
Resource person/ Conducted by	: Dr. S. Jagan Mohan Rao Principal, GDC- Bantumilli
Date of the programme	: 02-09-2022
Venue	05
No. of students Attended	22

The objective of the program:

Students studying business should learn about motivation since it is a key element in the curriculum and because motivated students are far more likely to achieve and reach their full potential. Motivation is a necessary component for effective teaching and learning. It makes students behave better and makes them feel better, both of which lead to more good behaviour on the part of the students. We must first learn how to motivate children and young people to learn if we are to offer them the best start in life.

In light of this, the Department of Commerce organised a Guest Lecture to introduce the idea of motivation to the students while also encouraging them to focus on their studies for a bright future.

Abstract of the activity;

The Department of Commerce held a guest lecture on "Motivation" on September 2, 2021, in light of the aforementioned. As a resource participant in the course, Dr. S. Jagan Mohan Rao, Principal, GDC-Bantumilli, educated the students on the value of the motivation concept and inspired them to work hard in their academics. Students are greatly impressed by his speech.

The resource person patiently answers the student's questions. The department's teachers and students are happy with the programme.

Conclusion: Students have the opportunity to thoroughly understand the Concept of Motivation through this training. The resource person encourages students to participate in all

extracurricular and cocurricular activities at the same time. The kids were also impacted by the resource person's knowledge and communication abilities.

A REPORT ON THE Activity

Activity	:Guest Lecture
Topic	: Introduction of Auditing
Resource person/ Conducted by	: M. Rama Rao, Lecturer in Commerce, GDC Avanigadda
Date of the programme	: 018-11-2019
Venue	05
No. of students Attended	25

The objective of the program:

In most auditing courses, important business topics like accounting and finance are also included. In order to give the students a more complete grasp of the financial and economic worlds, auditing is frequently taught alongside the aforementioned disciplines.

Auditing may be a very good career choice for students who have a strong interest in accounting and who excel at maths and mathematics. Simply said, auditing is the process of looking over all of a company's or organization's financial records and statements.

In light of this, the Department of Commerce organised a Guest Lecture to introduce the idea and significance of auditing to commerce students.

Abstract of the activity;

In light of the aforementioned, on November 18, 2019, the Department of Commerce organised a guest lecture on "Introduction to Auditing". Mr. M. Rama Rao, a lecturer in commerce at Government Degree College Avanigadda, serves as a resource person for the course and spoke with the students about the idea of auditing and the ways in which the audit programme is carried out in various contexts. He also inspires the students with information on auditing employment options.

In the last session, there is an interactive session with the students and the Resource person clarifies the doubts expressed by the students in various aspects.

Conclusion: This module assists the students in learning about auditing and learning about job options in the auditing industry. They were also impressed by the resource person's information and communication.

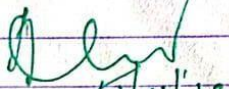

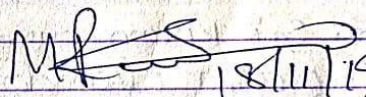

Guest lecture By Sri. M. Rama Rao Garu to the Commerce students.

DT: 18-11-2019

Guest Lecture

To day Guest Lecture is arranged for III B. Com students. Sri M. Ramarao, Lecturer in Commerce has delivered a lecture on 'Introduction of Auditing'. This lecture is very informative on Auditing Subject.
