International Girl Child Day was organised by Women Empowerment Cell, VSR GDC, Movva on 11/10/2022.

DESCRIPTION:

In 2011, the United Nations General Assembly adopted Resolution 66/170 to declare 11th October as the International Day of the Girl Child.

Theme for 2022:

"Our time is now—our rights, our future"

Significance:

The day is observed to recognise girls' rights and the unique challenges girls face around the world.

The International Day of the Girl Child focuses attention on the need to address the challenges girls face and to promote girls' empowerment and the fulfilment of their human rights.

Also, Women's empowerment and gender equality are integral to all 17 Sustainable Development Goals.

Justice, inclusion, economic growth, and a sustainable environment can only be achieved by ensuring the rights of women and girls across all the goals.

OUTCOME:

The students were made aware on opportunities provided by Government and the means to utilise them.
